Fight On Floor of House Is Won By Aggressive Californians

(Associated Press Cable.)
WASHINGTON, D. C., Jan. 31.—By a vote of 259 to 43, the House of Representatives today decided in favor of San Francisco for the Panama-Pacific exposition of 1915.

The deciding vote was taken on the adoption of a joint resolution giving government recognition to the exposition planned by San Francisco and officially extending an invitation to all nations to participate. Previous to adopting the resolution, the House took a preliminary vote on the rival claimants, San Francisco and New Orleans. The vote was 188 to 159 in favor of the California city. This decided the fight, and on the vote on the joint resolution most of the New Orleans supporters cast their ballots for San Francisco.

The resolution will now go to the Senate, but this is looked upon as hardly more than a formality and San Francisco is sure of success.

Following the receipt of the news, the Chamber of Commerce and Promotion Committee both sent telegrams of congratulations to San Francisco. The Chamber of Commerce, addressing the San Francisco chamber, said: "Heartiest congratulations on securing Panama exposition." The Promotion Committee cabled: "Sincere congratulations. Best wishes for your successful exposition."

VOLCANO TAKES 400 DEATH-TOLL

(Associated Press Cable.)
MANILA, P. I., Jan. 31.—Overwhelmed in the flood of lava, or killed under falling houses, four hundred people have perished in the eruption of Mount Taal, and the number grows hourly. Five hundred and thirty-seven distinct shocks have been recorded.

GREAT RAILWAYS TO DOUBLE TRACK

(Associated Press Cable.)
NEW YORK, Jan. 31.—The Union Pacific and Southern Pacific railway companies have decided to double-track their lines from Missouri River points to San Francisco, and will also double-track lines into Oregon. It is estimated that the cost of this work will exceed \$75,000,000.

CITY HALL A POSSIBILITY IF BONDING ACT IS PASSED BY LEGISLATURE

A modern city and county building to cost between one hundred and one hundred and twenty-five thousand dollars, to adorn the so-called Gore site, is a possibility with the passage of a bonding act at the coming session of the Territorial Legislature.

"We are at work on a bonding act that is to be introduced before the legislators at their session this spring," observed Chairman Murray of the Legislative Committee of the Board of City and County Supervisors, this morning.

"The measure will permit the county to bond itself in a sufficient sum to

NAVAL OFFICERS UP FOR PROMOTION

(Special Bulletin Cable.)
WASHINGTON, D. C., Jan. 31.—The nominations of Colonel Biddle for commandant of the Marine Corps and Colonel Robert Evans as brigadier are before the Senate Committee on Naval Affairs.

Colonel Biddle has been attached to marine headquarters in Washington since last May, and has been acting commandant when that officer was absent, and since the retirement of Colonel Elliott, whom he succeeds.

He served recently in the Philippines as commandant at Cavite, afterwards going to Panama in the Nicaraguan expedition, which he commanded, and from there was ordered to League Island, Pennsylvania.

He was ordered from League Island to marine headquarters at Washington, and has been there for nearly a year.

PARLIAMENT HAS CONVENED

(Special Bulletin Cable.)
LONDON, Jan. 31.—Parliament opened today and it is expected that an exciting session will follow in relation to the political differences that have arisen through the recent elections.

RIVERS AND HARBORS BILL PASSES SENATE

(Associated Press Cable.)
WASHINGTON, D. C., Jan. 31.—The Senate today passed the rivers and harbors bill, in which are items for the improvement of Hawaiian harbors.

Everybody Smiles When News Comes That 'Frisco Gets Fair

"CONGRATULATIONS AND BEST WISHES FOR THE GREAT SHOW IN 1915."—Cablegram sent by President E. O. White of Merchants' Association to Merchants' Association of San Francisco.

"The awarding of the exposition to San Francisco will be a great thing for Honolulu and Hawaii generally. We will naturally be more interested in the exposition than if it were to be located at New Orleans, and will be able to make a fine exhibit of Hawaii's industry and progress. Honolulu should profit by people coming here who can be expected to continue their trip from San Francisco. It will be a fine thing for Hawaii in many ways."—Governor Frear.

The news that San Francisco had secured the exposition was first brought in a cablegram to the marine exchange here from the San Francisco marine exchange. It simply said: "We get the fair." Nothing more was necessary.

In fifteen minutes almost everybody knew it, and everybody who heard it began to smile. Business men believe that Honolulu and the Islands generally will benefit a great deal by the San Francisco fair, and there has been a lot of hope that the California city would be successful in her brave battle carried out upon the floor of Congress after unfavorable action by the House committee.

Up at the Promotion Committee rooms this morning the executive committee of the Hundred Thousand Club was in session when A. N. Campbell of the Waterhouse Trust Company came in with the news. Instantly every man was on his feet with a yell. It was a remarkable expression of the joy that Honolulu feels.

E. D. Tenney of Castle & Cooke today received a cablegram from Captain Matson, head of the Matson line, confirming the report, and adding the vote. It was 174 for San Francisco and 156 for New Orleans.

Honolulu wears a smile today over the news that San Francisco has been awarded the Panama-Pacific exposition of 1915 by the House of Representatives.

"Hooray for San Francisco! That will help some."—Secretary Stanton of Honolulu Hundred Thousand Club.

"The Promotion Committee is just as glad as everybody else."—Chairman G. Fred Bush of Hawaii Promotion Committee.

100,000 CLUB IS OUT FOR CLEAN HONOLULU

Rapid and substantial progress in the Hundred Thousand Club of Honolulu is recorded in a report made this morning to the executive committee by Charles A. Stanton, secretary. The committee met at the Promotion Committee rooms, with Chairman R. W. Shingle presiding.

Mr. Stanton reviews briefly the growth of the club and makes important recommendations. One of them is directly in line with the "clean-up" campaign now being waged by health authorities.

The newspapers and magazines of the city are given special commendation for the free space given the club.

Secretary Stanton recommends the employment of an assistant secretary for the detailed work. Mr. Stanton receives no compensation whatever, and the committee accordingly decided to secure an assistant.

"Since the organization of this club on November 23, 1910, we have secured 308 members and received as membership fees \$332.50 and from the sale of souvenirs \$21.25, making a total of \$353.75.

"The money, together with a list of the members, I have turned over to Mr. H. P. Wood, treasurer of the club, and attach hereto his receipt for same."

"Cost of Membership."
"The membership to date was secured at a cost of \$75 for the services

HUNDREDS OF CHILDREN IN LINE

Floral Parade Will Have All Schools Represented in Foot Section.

Reports brought to the executive committee of the Floral Parade at its meeting yesterday afternoon were to the effect that there would be about 2000 school children in line for the parade on February 22, several hundred of this number forming a great American flag.

One thousand children from the Royal and Central Grammar schools and will probably wear flower leis about their necks.

The time of the committee yesterday afternoon was taken up almost wholly with the discussion of the problems of how to handle this crowd of children, and it was still under consideration when the committee adjourned.

Boy Scouts and several hundred cadets from the Kamehameha Schools will be in line, and from the other public and private schools there will come delegations to the foot section of the parade.

An important point decided was that of offering two cash prizes for the best automobiles decorated in natural flowers, the first prize to be \$50 and the second \$25, the automobiles to be judged irrespective of class as outlined in the decision of the automobile committee at its last meeting.

McQuaid Sane Says Commission

Discharge Ordered This Morning By Judge Cooper--- Driver's Trial Feb. 13

It took proceedings of about twenty-five minutes' duration this morning to free William McQuaid from the suspicion of insanity that accompanied the verdict of not guilty yesterday by a jury in Judge Cooper's court.

A commission consisting of Dr. C. B. Wood and Dr. N. B. Emerson reported to Judge Cooper that, after a careful examination as to McQuaid's mental condition at the present time, they adjudged him perfectly sane and in full possession of his mental faculties.

On this report Judge Cooper ordered his discharge from the custody of Detective Harry T. Lake, to whose custody he had been committed by order of court yesterday, and McQuaid was then clear of the last legal entanglement as a result of shooting V. C. Driver on the morning of November 4 last.

McQuaid sailed on the Mauna Loa for Hawaii today, and it is reported that he will take up some work there in connection with an extensive commercial enterprise.

McQuaid was brought before Judge Cooper, in chambers, by Harry Lake early this morning. McQuaid's attorneys, Douthett, Coke and Judge Stanley, had asked for an early hearing because McQuaid was anxious to leave for Hawaii on the Mauna Loa, and no time was lost in hearing the statements of the physicians and the signing of the order that freed McQuaid from the temporary custody of Lake.

The trial of V. C. Driver, also indicted on a charge of assault to murder, was set for February 13.

WAHIAWA JAPANESE DEFYING SCHOOL LAW; FACES ARREST, FINES AND IMPRISONMENT

Charged with keeping his daughter from attending school, Toshima, a Japanese of Wahiawa, was arrested and appeared in police court before Judge Lynner this morning. In defense of his action, Toshima declared that not only do the Japanese of Wahiawa believe that they do not have to obey the Territory of Hawaii in sending their children to school, but that any attempt to enforce the law may result in general trouble.

Mrs. H. C. Brown, principal of the Wahiawa school, was on the witness stand also, detailing the circumstances. According to Mrs. Brown, the Japanese had been given repeated warnings, but failed to comply with the law.

Judge Lynner gave Toshima a stiff lecture and ordered him to spread the news among the Wahiawa Japanese that stiff fines and imprisonment await those who defy the school law.

PLAN CHANGE IN CLERICAL DEPARTMENTS OF CIRCUIT AND THE SUPREME COURT

A plan for the segregation of the clerical departments of the Circuit Court and the Territorial Supreme Court will be submitted to the next session of the Legislature. The plan as outlined will provide for the absolute divorcing of the work of the Circuit and Supreme courts, which is considered by several judges to be needlessly complicated under the present system, where clerks of the Supreme Court act in a similar capacity for the Circuit Court.

The proposed change does not in any way involve the status of the clerks serving in the Circuit courtrooms, but the judges believe that the fitting and general record department of the two courts should be entirely separated and administered by different men.

The plans for the remodeled Judiciary building include a room for the head Circuit Court department, and with the strong endorsement that the proposal has received, it is probable that there will be no serious legislative opposition to its adoption.

SCRAP PROMISED FOR CLERKSHIPS

John Wise, clerk of the upper house; Ed. Woodward, clerk of the lower house.

These are the leading candidates for the two important positions to be filled with the organization of the next Legislature, and both of them are continuing caucuses.
